EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The paragraph following the heading "CROSS REFERENCE TO RELATED APPLICATIONS" on page 1 of the specification has been amended as follows:

--This application is a divisional application of U.S. patent application serial number 09/652,954, filed August 31, 2000, now U.S. Patent 6,436,870, which claims priority to Japanese Patent Application No. 287424/1999, filed October 7, 1999, which is incorporated herein by reference.--

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The primary reason for allowance is that the prior art of record does not disclose or suggest a hydrotreating process wherein the catalyst used in the process has the claimed characteristics.

Art Unit: 1764

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art not relied upon discloses a hydrotreating process and catalyst.
